Rain Partier In Marvel and DC Comics, characters are usually given a specific code name to identify them. Since the Legends of Tomorrow get their powers from different sources, there aren't any names of the members of the team. If anything, it just adds to the horror element when you think of the characters and what they do to their fellow human beings. Now, instead of relying on their code names, I'll be giving the characters actual, real-life names. Yes, there are plenty of parody names for this team, but I think this will fit better. Who's your favorite Legends of Tomorrow team member? Don't just answer that...let me know how much you hate the Legends of Tomorrow team and why. (Note: I'm sure going through this, someone is going to complain that I'm basically outing the 6d1f23a050
