Level A (Behavioral/Medical) Rate Agreement Form

SAINT LOUIS PARTNERS has established a rate for all children in Level A (Behavioral/Medical) foster care as \$28.83 per day.

- You will be paid for actual days that the child is placed in your care.
- For payment purposes, placement begins the day the child is placed in the home and goes through the last night the child spends in the placement.
- Any overpayments paid to you will be required to be reimbursed to PARTNERS upon notification of the overpayment.
- The above rate is inclusive.
- Payments for Level A Foster Care will not begin until the foster parent has completed the appropriate training.
- Mileage and Clothing Allowances will continue to be provided per the existing policies. The mileage reimbursement rate is \$.42 per mile.
- Families providing Level A foster care as designed by the Children's Division may still be reimbursed for charting only if that practice is recommended by the FST. Charts must be reviewed by the case manager. Those payments will be invoiced separately.

The signatures below indicate understanding and agreement with the above stated placement rates.
